Internship Opportunity

Environmental Health - Vector Control Program

The Perry County Health Department Environmental Division is offering a paid summer internship opportunity in Mosquito Surveillance and Pesticide application beginning mid April until September for up to 20 hours per week at \$8.15 per hour. Under supervision of a Sanitarian the intern will learn about the biology of the mosquito and mosquito borne illnesses; learn about proper pesticide handling and application techniques, laws, and safety; and learn about mosquito trapping and operating mosquito pesticide application equipment. Hours will vary but will range between 7:00pm-12:00am 2-4 days per week for pesticide application and roughly 5 to 7 hours per week during normal business hours (7:00am-5:00pm) for mosquito trapping and surveillance. Applicants with a current Ohio driver's license can mail resumes to Angela DeRolph, Health Commissioner, Perry County Health Department P.O. Box 230 New Lexington, Ohio 43764. EOE.

MISSION

To improve Public Health in Perry County by preventing disease, promoting health and safety, and protecting our environment.
