SPOTTED LANTERNFLY MANAGEMENT WORKSHOP

The Spotted Lanternfly feeds on the plant sap of many different plants including grapevines, maples, & black walnut and could seriously impact Ohio's grape, orchard, hops, and logging industries.

Join us to learn more about identifying, monitoring, and managing this serious invasive pest.

TUESDAY, NOVEMBER 30, 2021

6:00-7:30 PM

Location: Fairfield County Agriculture Center, 831 College Avenue, Lancaster, Ohio

Cost: Free to attend
