

DRINKING WATER NOTICE

Monitoring requirements not met for Northern Perry Co. Water #2

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the Second Quarter of 2023 time period we did not monitor for the following contaminants and therefore cannot be sure of the quality of our drinking water during that time: Disinfection By-Products.

What Should I Do?

This notice is to inform you that Northern Perry Co. Water #2 did not monitor and report results for the presence of the contaminants listed above in the public drinking water system during the Second Quarter of 2023 time period, as required by the Ohio Environmental Protection Agency. You do not need to take any actions in response to this notice.

What Is Being Done?

Upon being notified of this violation, the water supply was required to have the drinking water analyzed for the above mentioned parameters. The water supplier will take steps to ensure that adequate monitoring will be performed in the future.

A sample was (will be) collected on AUGUST 2023.

Sample results and additional information may be obtained by contacting Northern Perry Co. Water #2 at:

Contact Person: JERRY REHART II.

Phone Number: (740) 342-1065.

Mailing Address: 130 SOUTH MAIN ST.
NEW LEXINGTON, OHIO 43764

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
